

English

Using 'Cloudy with a Chance of Meatballs' as a launch the children will write news and weather reports, food poems, explanations and adverts to persuade. Then learn about Fairy Tales with a twist and Plays.

Maths

Fractions
Solving number problems
Investigating Statistics
Exploring Shape

Describing Position

Science

We will be learning all about plants and their needs including the function of each part, pollination and seed dispersal. Then we will find out about how animals get nutrition from what they eat. We will also find out about skeletons and muscles.

Geography

We will use our food topic to find out about places in the UK and around the world that produce the food that we eat.

Using our film as a link we will compare land

Flint's
Weather
Food Machine

Art

We will look at the Pop Art work of Andy Warhol and use his style to make our own food adverts. During our Art Week we will make our own models of food.

Design and Technology

After learning about nutrition we will be making our own Summer picnic.

MFL

The children will continue to learn to count in French and will learn how to order their favourite food.

Year 3 Summer Term Food Glorious Food!

Computing

We will be planning and filming our own weather and news reports linked to our film. We will continue using our Switched on scheme to learn about Vlogging.

RE

Buddhism - The children will learn about Buddha's life story.
Hinduism - The children will learn about Hindu Gods and Goddess, their stories and festivals.

PSHE

Our topics this term are Healthy and Safer Lifestyles. We will have a safety in the home visit from the fire service. Then a safety during the summer talk from a Police visitor.

Music

By listening to music the children will learn about pitch, timbre, duration, beat and tempo. Evaluate music thinking of mood, sounds and instruments. They will link how colours and music can set a mood for an event.

PE

PE is every Tuesday and Wednesday this term. The children will continue learning how to play Rounders and will begin to learn how to play Cricket. During Athletics the children will practise sprinting over a short distance and running over longer distances whilst conserving energy.
