

Year 2 Spring 1 Term Homework

<p><b>Maths</b></p> <p>Use some scales to find out the weight of different items in your lunch box. What is the total weight?</p>	<p><b>English</b></p> <p>In the story of the “Lighthouse Keeper’s Lunch” the lunch was 'devoured' by the seagulls. Make a list of words which show different ways that people can eat their food.</p>	<p><b>Reading</b></p> <p>This term we will be reading lots of fiction and non-fiction texts about the sea, lighthouses and sea creatures as part of our topic “Is it always sunny at the seaside?”</p> <p>Go to the library with your grown up. Find a book that you think would be interesting or enjoyable for your friends. Read this with your grown up and be ready to talk about this with our class.</p>
<p><b>DT</b></p> <p>Design a device which will stop the seagulls from stealing the lighthouse keeper's lunch</p>	<p><b>PSHE</b></p> <p>Going to the beach is very different in the summer and in the winter. Create a table/grid to show the different things we need to consider in order to stay safe at the beach in each of these seasons.</p>	<p><b>History</b></p> <p>Use books or the internet to find out about the history of lighthouses. Why were they built? Where are they located?</p>
<p><b>Science</b></p> <p>Find out about a creature that lives on our coast. Write at least one detailed paragraph describing what it eats, what its habitat is like and any other interesting information you can find.</p>	<p><b>Art</b></p> <p>Create a painting, collage or sculpture of the creature that you researched for your science homework.</p>	<p><b>Computing</b></p> <p>Use the computer to make an information leaflet or poster explaining why the RNLI are so important and what they do.</p>
