

History

The children will be learning all about the changes in Britain from the Stone Age to the Iron Age.

English

We will go on a journey with James and his giant peach finding about weird and wonderful characters and places. We will use 'Cloudy with a Chance of Meatballs' to write news and weather reports, food poems, explanations and adverts to persuade. Finally we will learn about Fairy Tales with a twist.

Maths

Our units this term will give the children an opportunity to develop their understanding of money, fractions, solving problems with multiplication and division, statistics.

Science

We will be learning about light and shadows. Then we will learn about forces and magnets.

Art

Cave drawings
Stonehenge paintings and silhouettes

Design Technology

Textiles- The children will be learning how to cut and assemble fabrics using their sewing skills.
