

English

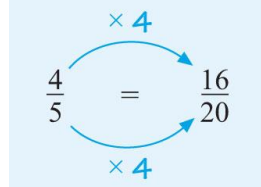

Write a poem about the picture below e.g. describe clouds, sea, lightening.
Use personification, metaphors and similes to help describe.
Remember to use SPACED openers.

Open the door maybe you'll see...

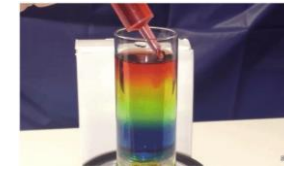

Maths

Create different fractions. Can you find any equivalent fractions?

Can you convert any into percentages or decimals?
e.g. $1/10 = 0.1 = 10\%$

Science

Complete a simple science experiment e.g. Rainbow in a glass. Write up your science experiment formally. See below for information.

French

Create a poster of a range of different animals.
Label each animal in French and English.

English

Write a descriptive paragraph for the following image. I will be looking for: SPACED openers, similes, metaphors and personification.

Maths

Create a poster about the four formal methods.
Bus stop, multiplication, subtraction and addition.

History

Research and write a fact file about Witches and their treatment in Tudor times.

English

Write a persuasive leaflet, persuading me to go to Walton School

D.T.

At home, why don't you have a go at designing your own bread e.g. add cheese and tomato. You could even make it and take photos (or bring in some for us to taste?)

Write up what you did.
