Summer curriculum map

Wonderful Walton

English

The children will continue to develop their reading and writing skills through our English lessons, daily phonics sessions, reading activities and within our topic learning.

The children will read and listen to a variety of genres of texts and will begin to write within these. Our Talk for Writing texts this term are 'The Storm Whale' and 'Big Blue Whale'.

Maths

We will continue our understanding of number by working with numbers up to 100.

We will learn about coins and use simple addition and subtraction with coins.

We will develop our knowledge of counting in 2s, 5s and 10s by learning about multiplication and division.

We will learn about simple fractions.

We will learn about position and direction.

Science

We will be learning about plants this term. .

The children will learn the names of common wild and garden plants, including deciduous and evergreen trees.

Music

Active Music Unit 4 Instrumental Games

Geography

What is it like to live by the coast?

Use simple fieldwork and observational skills to study the local area. Use basic geographical vocabulary to refer to key physical features, and key human features in the local area.

DT

The children will be designing and making their own clay whales.

Art

The children will be painting their own seascapes.

They will use collage to make a Victorian seaside.

History

Link with Kapow unit – How I make history

Identify history as events which have happened in the past and order events in our lives.

We will be learning about our seaside in the past

RE
