

Geography

We will be looking at the similarities and differences between a region in the UK and Italy. We will also be finding out some interesting facts about Hadrian's wall.

Maths

Our units this term will give the children an opportunity to develop their understanding of shape and change. This will include learning how to tell the time on both analogue and digital clocks. We will also be problem solving including multiplication and division.

Science

We will be learning all about rocks and fossils which will include a trip to the naze to find out about our local science.
